Pictures should be of clear quality. Your photo will be reduced and cropped as necessary to fit the directory template – approximately 1 ½” X 2”, about wallet size. So it is important that you think of this when you submit the pictures. Group pictures should have people as close together as possible. Remember it’s the faces we want to see. Photocopies or pictures printed on home printers can not be accepted as they do not reproduce well. You may email your digital photo as indicated above. In fact digital pictures emailed, save us a lot of work.

Deadline for pictures and forms will be January 27, 2008 to allow for Christmas picture taking. You may drop it off to the church office through the mail slot any time, during regular office hours 9am-1pm Tues, Wed, Thurs or Sunday 8:30am – 11:30am. All pictures will be available for pick up (return) with your directory once published.

Please fill out and return with photo by January 27, 2008
